## SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water soaks and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

An Army to France Ava will have one. This fact became known here last Friday when Melle. Emile Lepennetier of Paris, stepped off of the

## IF SKIN BREAKS OUT BURNS AND ITCHES APPLY THIS SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to erythema, that nothing has ever been found to take its place. Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness. You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.

motor coach at the Ava depot and inquired for Arthur Glass. The wedding took place on Wednesday of this week, exactly two years from the day they first met in Paris. Mr.

## FOR APPELLATE JUDGE

Cornelius H. Skinner.

There are three things which a voter should know about a candidate in order to cast his vote intelligently. They are his character, his qualifications and his availability. We submit this information with reference to Judge C. H. Skinner of Bolivar, candidate for the Republican nomination for Springfield Court of Appeals.

**CHARACTER:** His character and standing among his home people who know him best are shown by the following Resolutions adopted by the Polk County Republican Convention: "We endorse Judge C. H. Skinner for Judge of the Springfield Court of Appeals, and we ask his nomination and election because his education and training as a lawyer, his high standing as a citizen and his experience and integrity as a Judge eminently qualify him for this great office with honor. We know him to be a Christian gentleman, an able lawyer and an impartial Judge and that if nominated he will be elected in November and bring additional honor to our party by the just performance of his duties in the Appellate Court."

**QUALIFICATIONS:** Judge Skinner has had over twenty years experience in the active practice of law and ten years experience as Circuit Judge. Cases attracting nation wide attention have been tried before him among which were the case of State against Dippy for the murder of Stanley Ketchel and the case of State against Claude J. Piersol and others for kidnapping. He is known by practically every member of the legal profession in Southern Missouri and we respectfully ask that you inquire of them as to his qualifications.

**AVAILABILITY:** Judge Skinner was appointed Circuit Judge in 1909 by Governor Hadley. In 1910 he was nominated for Circuit Judge without opposition and in the election carried every county in his district by big majorities. In 1916 he was again nominated for Circuit Judge without opposition and in the election ran ahead of his ticket in every county, carrying his district by over three thousand majority. His circuit consists of Polk, Hickory, Camden, Dallas, Webster, and Wright counties and the bar of the entire district without regard to politics has endorsed him. The people of his district believe in him and are for him. He is 56 years old, right in the prime of life, and not too young nor too old to hold the twelve year term as Judge of the Springfield Court of Appeals. He has never been defeated.

We ask your serious consideration of his candidacy because we know it will mean your earnest support.

Skinner Campaign Committee, Frank Lightfoot, Sec'y, Bolivar, Missouri.

### You Guard Against Burglars, But What About Rats?

Rats steal millions of dollars' worth of grain, chickens, eggs, etc. Destroy property and are a menace to health. If you are troubled with rats, try RAT-SNAP. It will surely kill them—prevent odors. Cats and dogs won't touch it. Comes in cakes. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by R. A. Alcorn Hardware Co. and Fuson Drug Co. of Mansfield and Little & Randall of Norwood.—Adv.

#### NOTICE TO TEACHERS.

The next regular examination for the teachers of Wright County will be held at Hattville on the 6th and 7th of August, 1920. Subjects will be given in the following order:

First Day: Geography, Language, Orthography, Grammar, Arithmetic, Literature and Reading. Second Day: Civil Government, U. S. History, Agriculture, Algebra, Adv. Science, Physiology, Writing, Pedagogy, Literature and Adv. History.

Work will begin promptly at 8 o'clock each morning. RAY WOOD, County Superintendent.

Hot weather is hard on teething babies. They suffer the combined miseries of heat, pain and stomach disorder. McGee's Baby Elixir helps the little sufferer through the trying period by correcting the stomach and bowels. Price 35c and 60c. Sold by Fuson Drug Co.—Adv.

#### FROM PHELPS CITY.

Phelps City, Mo., July 12, 1920. Dear Editor and Friends:—I will write a few lines. We have been having some fine weather. Everybody is busy cutting wheat. There are 865 acres of wheat in sight. It belongs to three men, but their land all joins; sure is good wheat, too. They are paying 75 cents an hour for stackers and can't get enough men at that price. I am working for the C. B. & Q. Railroad and getting \$107.25 per month. I sure would have liked to have been down there for the 4th. It rained here all day for the 6th, so there was not very much doing. I think I will be down for the stock show. I sure am anxious to visit at Mansfield again. Well, I will close. Maybe this will miss the waste basket. Find enclosed \$1.50 for the Micor for Q. W. Brewer. Yours truly, Clarence Brewer-Phelps City, Mo., Box 94.

## G. D. VILES FOR STATE TREASURER

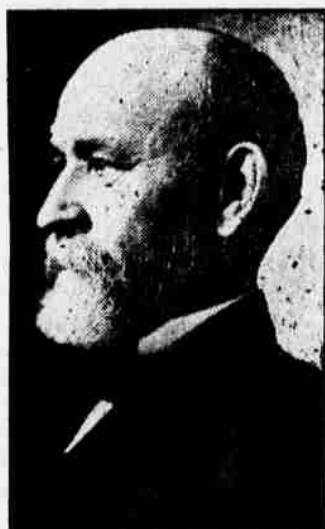

Norborne Man First Carroll Countian to Ask State Office in Many Years—Can Be Elected.

The candidacy of Hon. G. D. Viles of Norborne, according to the many letters of endorsement received by his manager is continuing to gain strength throughout the State. The fact that Mr. Viles is the first Carroll County Republican to ask the party for a nomination for a State office in many years is operating in his favor. His clean record in the legislature, coupled with his work in fostering the Pure Seed Law, is strengthening him in his race. Particular significance is being placed in the comment upon the fact that Mr. Viles has the endorsement of every bank in Carroll county.

Mr. Viles has attempted to cover as much of the state as possible but he is financing his own campaign. He promises, in asking for the nomination to give a clean record for business and fair dealing during his administration and he feels that he is qualified to make the promise on account of his training as a farmer, a banker and as chairman of the House Committee on Appropriations.

Athletic interest in Mansfield schools has taken on added spirit as the result of the occupation of the new gymnasium, according to Superintendent D. H. Kay. The new gymnasium is adequate for the present needs of the schools here. Its dimensions are 40 feet by 60 feet, and the cost of the building was \$2,000. The expense of the erection of the gymnasium was greatly reduced, however, by the boys of the High School. The boys taking the vocational courses did practically all of the work. The vocational agriculture course are popular among the high school students. The class has already begun work on their projects in poultry, hog feeding, corn growing and potato culture. These courses are proving of particular value in that they keep the farm boys in school, superintendent Kay said.—Southwest Standard, Springfield.

## For Court of Appeals

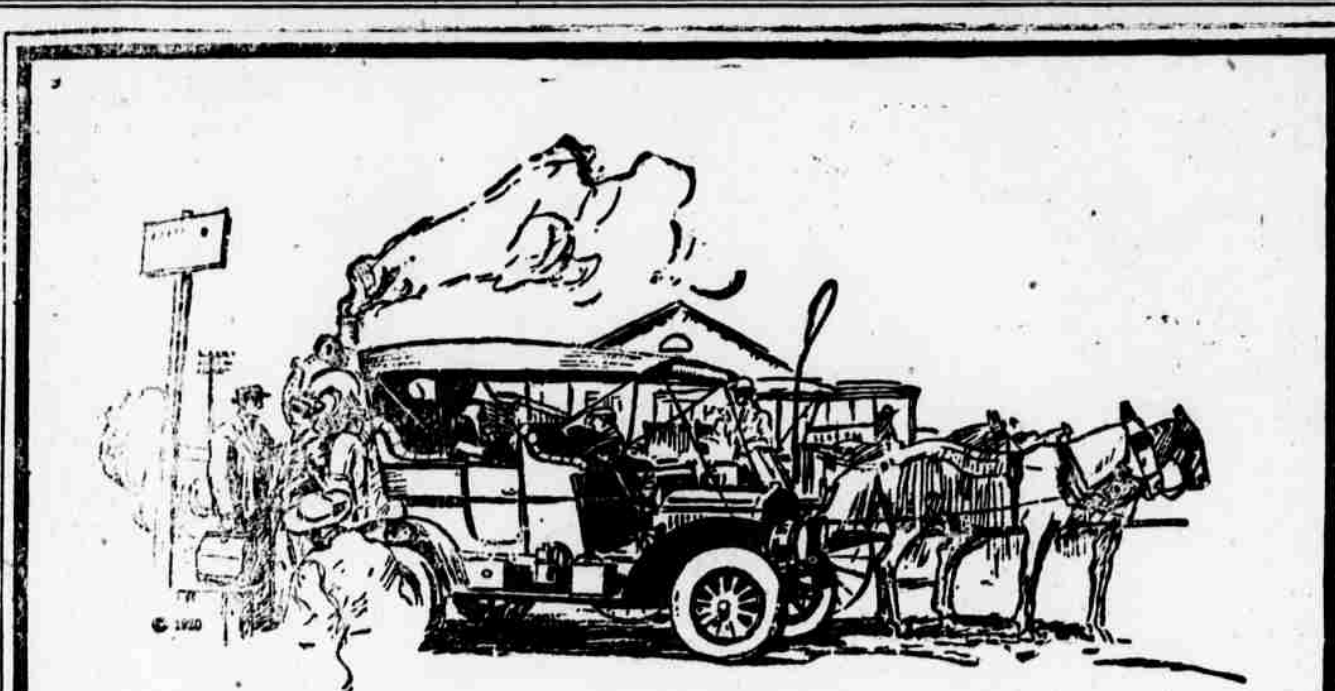

### Judge Argus Cox

The friends of Judge Argus Cox, who is a candidate for the nomination on the Republican Ticket for Judge of the Springfield Court of Appeals, call attention to the fact that he has had four years experience on that bench and has demonstrated his ability and fitness in every way for the duties of the office.

He with Judge J. P. Nixon of Lebanon and Howard Gray of Carthage were appointed by Gov. Hadley as the first judges of that court. These men by their ability and industry at once gave that Court high rank. The dispatch with which the business of the court was disposed of and the clearness and brevity of their opinions met the universal approval of the bar and people of the district.

Judge Cox was nominated by the Republicans for this office in 1916 and received more votes in the district than either Judge Hughes for President or Judge Lamm for Governor, thus demonstrating his strength as a candidate. He was declared elected and received a commission of office, but his election was contested and after he had served six months, was unseated by a decision of the Supreme Court in which only four judges concurred while three dissented. Judge Cox, therefore, has a strong claim upon the support of Republicans in the primary and without saying anything to discredit any other candidate, it is but fair to Judge Cox to say that his nomination will add strength to the ticket, and his election, which is sure to follow, will guarantee to the people of the district the services of an able, industrious, upright and impartial judge.

## When the train came in back in 1910

TEN years ago you might have seen one or two automobiles waiting outside the station, when the weather was pleasant.

Today the square is crowded with them. And most of the cars you generally see there are moderate-price cars.

Anybody who tells you that owners of moderate-price cars are not interested in the quality of their tires has never met very many of them.

We come in contact with the small car owner every day and we have found that he is just as much interested as the big car owner.

There is one tire, at least, that makes no distinction between small cars and large cars so far as quality is concerned—the U. S. Tire.

Every U. S. Tire is just like every other in quality—the best its builders know how to build.

Whatever the size of your car, the service you get out of U. S. Tires is the same. It isn't the car, but the man who owns the car, that sets the standard to which U. S. tires are made.

We feel the same way about it. That's why we represent U. S. Tires in this community.

#### Loss Of Appetite.

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse before meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.—Adv.

Mrs. May Ross is visiting Leonard Dowell and wife at Bartlesville, Okla.

#### Summer Complaint In Children.

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell, of Butler, Tenn., says: "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose."—Adv.
